## Sesame Seed Allergen

February 5, 2024

To Our Valued Customers,

JSB Industries, Inc., DBA Muffin Town, is aware of the Food Allergy Safety, Treatment, Education and Research Acts decision to name Sesame Seed as the ninth major food allergen in the U.S., and the requirement for declaration on food labels.

We, at Muffin Town, take all contamination risks as a serious threat to our commitment to food safety, and subsequently have made the decision to eliminate Sesame Seed containing items and Sesame Seed derived ingredients from our manufacturing facilities. As of January 1, 2023, we are confident to declare our products Sesame Seed free.

Please feel free to contact us directly if you have additional questions or concerns.

Best Regards,

Melissa Langone  
R&D/QA Regulatory Compliance Manager
